Cal OES INLAND REGION

2019 July 4th Earthquake

At 1033 hours on 07/04/2019, the California State Warning Center was notified of a magnitude 6.4 earthquake that occurred 8 miles West-Southwest of Searles Valley, CA.

- There have been numerous aftershocks since the time of the main event.
- Multiple isolated fires were reported and extinguished.
- There are no reported communications issues at this time.
- Caltrans is inspecting five bridges and roads.
 - Minimal damage to SR 178 east of Ridgecrest was noted and has been already been repaired.
 - There has been no damage at the bridge on SR178 over 395, Brown Road overpass and the structures at Junction SR14 & 395.
- Division of Safety of Dams (DSOD) and the Army Corp of Engineers reported no impacts to any Department Water Resources, US Army Corp or State Water Project dams at this time.
 - Cal OES Dam Safety will continue to work directly with DSOD and Army Corp of Engineers as necessary.

Activations

- The California State Operations Center (SOC) is activated at Level 2.
- The Inland Regional Emergency Operations Center (IREOC) is activated at Level 2.
- Kern County EOC is activated at a Level 2.
- Kern County EMS has activated their Department Operations Center (DOC).
- San Bernardino County EOC is activated at a Level 3 (lowest).
- The California Geological Survey (CGS) is activating the Earthquake Clearinghouse to deploy a team of resources to the area.

Deployments

- Cal OES Assistant Fire Chiefs from the Cal OES Operations, Special Operations and Hazmat sections are in Kern County.
- Law Branch Cal OES Assistant Chiefs are on scene in Kern County.

Resources Assigned

- One Type I Engine Strike Team was requested to Kern County and deployed..

SITUATION SUMMARY (Continued)

Cal OES INLAND REGION (continued)

2019 July 4th Earthquake (continued)

Evacuations

- Ridgecrest Regional Hospital has voluntarily transferred its in-patients to other facilities but they will keep their Emergency Department open.
 - All evacuated patients placed in hospital beds within Kern County and San Bernardino County per Region 5 RDMHS.

Shelters / Evacuation Centers

- Kerr-McGee Community Center, 100 California Avenue Ridgecrest, CA 93555.
 - Current census is six people.

Access and Functional Needs

- There are several residential care facilities in the area.
 - Status is unknown regarding impact.
 - Contact is being made to determine impact.

Critical Infrastructure

- Limited impact to approximately 7,000 SCE customers on seven circuits.
 - Numbers continue to fluctuate however no significant damage to infrastructure has been noted.

Health and Medical

- Ridgecrest Regional Hospital Emergency Department (ED) is still functional. Facilities have not been damaged.
 - The Ridgecrest Regional Hospital ED is open to walk up patients but closed for ambulance transports.
 - Office of Statewide Health Planning and Development (OSHPD) & CDPH Licensing and Certification are conducting assessments of the Ridgecrest Regional Hospital on July 5 to determine feasibility of full hospital operations.
- Kern County EMS and the Region 5 RDMHS is coordinating directly with Ridgecrest Regional Hospital to provide emergency medical transport resources.
 - Kern County EMS have requested and deployed one (1x) Ambulance Strike Team, one (1x) Disaster Medical Support Unit, and an Ambulance Strike Team Leader. Transporting of patients from the hospital is ongoing.

Proclamations

- City of Ridgecrest declared a local emergency.
- Kern County declared a local emergency.
- Governor Newsom proclaimed a State of Emergency for Kern County.

SITUATION SUMMARY (Continued)

Cal OES COASTAL REGION

Large Fourth of July Celebration and Fireworks Display

There will be a Fourth of July Celebration and firework display located at Fisherman's Wharf in San Francisco.

- Several hundred thousand people will visit Fisherman's Wharf throughout the day.
- The firework display is scheduled to begin at 2130 hours.
- Traffic is expected to be congested due to the influx in vehicles and pedestrians.

Cal OES SOUTHERN REGION

Potential Public Safety Power Shutoff (PSPS)

On 06/28/19 at 1950 hours, Southern California Edison notified the California State Warning Center (CSWC) of their decision to activate their Operation Emergency Center for a potential Public Safety Power Shutoff (PSPS) event due to forecasted fire weather beginning 07/08/19 in Riverside and Los Angeles Counties.

- 2 circuits potentially impacted.
- 2,337 customers potentially impacted.
- 71 medical baseline customers potentially impacted.
- 15 critical care customers potentially impacted.
- Estimated time of De-energization from 07/07/19 to 07/08/19 at 1800 hours.
- CSWC performed notifications per PSPS SOP.

Railcar Derailment, Bloomington, San Bernardino County, SPILL: 19-4282

On 07/04/19 at 0215 hours, the California State Warning Center (CSWC) received a report from Union Pacific Railroad (UPRR) advising auto-rack railcars derailed in the upright position.

- The cause of the derailment is not known.
- The derailed cars were carrying imported vehicles.
- No hazardous materials released.
- Notifications were made per SOP.

Hopper Railcar Derailment, Santa Fe Springs, Los Angeles County, SPILL: 19-4284

On 07/04/19 at 0429 hours, the California State Warning Center (CSWC) received a report from BSNF Railway advising of a single derailed car in the upright position.

- The cause of the derailment is not known and is under investigation.
- What the derailed car was carrying, if anything, at the time of the incident is unknown.
- No hazardous materials released.
- Notifications were made per SOP.

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2019-LAW-2930, 07/01/19, 0845 hours:** Tehama County requested 4 HRD K-9's teams for a search of an area where a skull was located off Hwy. 32. Shasta County will provide one of the teams and the State K-9 Coordinator will assist with the other three teams. The mission is set for July 9th. **MISSION ONGOING**
- **2019-LAW-2914, 06/29/19, 1624 hours:** AFRCC reported a possible ALNOT-Stolen Aircraft (N3504A) from Santa Cruz County. The plane was discovered missing on Wednesday, 06/26/19, at approximately 2030 hours. The plane is owned by a club with multiple members/owners, and there were no planned flights for that plane during that time frame. AFRCC could not complete a forensic RADAR of the plane without a distinctive criminal element. The case was turned over to Watsonville PD, who is investigating the case. US Coast Guard was notified of the missing aircraft and received a track of a *possible* plane (from AFRCC) that left Santa Cruz around the same time as N3504A. That track, per AFRCC dropped off the RADAR 3.7 miles off the coast of San Mateo County. A follow up investigation with the airport, flight instructors at the club, AFRCC, US Coast Guard, San Mateo SAR and Watsonville PD is being conducted. **Update:** US Coast Guard searched the area of the last known point of the suspected flight path of the aircraft 3.7 miles off the coast of Ano Nuevo State Park with negative results. Watsonville PD is conducting an investigation into the subject that the flight club believes was the pilot of N24580. **Update, 07/01/19:** Watsonville PD has entered the suspect/subject into the MUPS system as a mission person. His car was located at the airport near N3504A designated spot, his phone and wallet were located in his apartment and the family has not heard from him in several days. CalOES is reaching out to NTSB for forensic RADAR tract of plane to assist Watsonville with their investigation. **Update, 07/02/19:** Per NTSB if case is criminal in nature it is turned over to the FBI. Reaching out FBI to assist in closing this case for Watsonville PD. **MISSION ONGOING**

Cal OES MISSION TASKING

Cal OES Missions

- No missions to report.

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
